INTRODUCTION

Fantasy Forest is a hand-painted 2D set of themed tiles and decorations. Can feel almost any fantasy platform game. Everything is cut and ready for use.

Pack contains:

- 48 tiles + 3 color options + PSD file + Grayscale version for every sprite.
- 167 decoration items.

Also, we added two backgrounds that fit these tiles. Light one and dark one. Please note that tile palette uses tiles from sprite-sheets and not from cut sprites.
